UCognify is an award-winning game-based assessment that measures cognitive aptitude, one of the best predictors of job success. By combining innovative game design with proven cognitive assessment methods, UCognify emphasizes a world-class candidate experience that delivers rich insights about each applicant. The assessment features two highly engaging and interactive games that measure a candidate's ability to solve problems and work with numbers. As a language-independent test, UCognify does not test verbal knowledge, making it easily translatable and ideal for international use. Candidates can take UCognify on any device, and the assessment takes just 10 minutes to complete.

## Score Report Data That Helps You Hire

Each report provides powerful information in an intuitive and easily understandable format.

What you'll find:

- 1 **PERCENTILE:** An overall performance metric indicating the candidate's performance relative to others
- 2 **SUB-SCORES:** The candidate's percentile for each of the two categories: Problem Solving and Numerical Reasoning

Results are instant – view your candidates' score reports as soon as they finish the assessment.

## Award-Winning Game Design

An independent judging panel of I/O psychologists awarded Cognify a Workplace Excellence Award in 2018. And in 2016, Cognify won the Serious Games Showcase and Challenge.

### Aptitude as a Predictor of Performance

Research shows that cognitive aptitude is one of the most accurate predictors of job success: 1.6x as predictive as job interviews and 4x as predictive as experience.

### Scientifically Validated

UCognify has been extensively validated, demonstrating that the test is highly predictive of job performance for a wide variety of jobs. UCognify has also been independently validated by two major studies, one conducted by a multinational tech company, and another by globally recognized psychologist Dr. Richard Landers.

### Engaging the Candidate

UCognify combines rigorous validation and assessment science with an emphasis on an engaging, brand-positive candidate experience. Game-based assessments, unlike traditional assessments, take more into account than just the correct answer, providing richer insight into a candidate's strengths and abilities. The fun and immersive games engage candidates and cultivate a positive image for your employer brand.
